Good afternoon,

Thank you for reaching out, happy to assist with a NOTAM; however you'll need to speak with one of our inspectors on duty to put one through. The information provided below is too broad and the inspector will be able to narrow that down and have the NOTAM issued.

Inspector on duty today is Jeff Martin. You can contact him at (416) 417-0598. He's ready to assist so if possible, please reach out today so we can get the NOTAM asap.

If you are unable to reach out today, the Inspector on duty tomorrow is Andrew Blake, he can be reached at (613) 222-3264.

Let me know if you have any further questions,

Melissa Eliou

Hello Melissa,

Thank you for reaching out.

Due to the uncertainty of the event, and the potential for disruption seen in Ottawa. The Toronto Police Service is requesting a NOTAM to restrict drone and regular aircraft around the GTA starting Friday February 4th, leading into Sunday, February 6th. With the possibility of extending if protests continue. There has also been an ask to update airports in the GTA, considering the potential for disruption.

If you request any further information, please contact me at 647 290-1166.

Thank you

Werner Fairclough

Good morning,

Hope this email finds you well. A colleague of mine at Mississauga passed your contact along, I'm reaching out regarding the convoy protest that's expected in Toronto this weekend.

Transport Canada put a NOTAM (notice to airmen) in place in Ottawa for this event to restrict airspace in affected areas; which restricts the use of drones as well as regular aircraft. We would be able to put a similar NOTAM in place for this event if it were deemed necessary, and if requested by Toronto Police Service.

I'm wondering if you would be able to put us in contact with the team at TPS who's overseeing this event so that we can discuss the need for a NOTAM?

Thank you,

Melissa Eliou
